PROJECT: Pleasant Valley Road over Chagrin River (Lake County)

U.S. Bridge will provide the necessary labor, equipment and materials to perform the following work at the above referenced location:

1. U.S. Bridge will do necessary jacking to set the 6 new elastomeric bearings under the stringers on East abutment of the Pleasant Valley Road Bridge.

Work includes positioning the bearings and necessary field welding of the new load plates to the stringers (to hold in place).

Also we will reposition the bearings under the truss shoes.

LUMP SUM QUOTATION - \$28,885.00

Please note that this does not include any abutment work or repair to the existing superstructure.

Please call if you should have any questions.

Cc: G. Bickle
